

# THE DAILY BEE.

COUNCIL BLUFFS.

Tuesday Morning, July 28.

SUBSCRIPTION RATES.

By Carrier - - - - - 20 cents per week.

By Mail - - - - - \$10.00 per year.

## MINOR MENTION.

Refetter, merchant tailor, for fine goods. The little son of Chief Walters is quite sick with cholera infantum.

Great bargains in cooking stoves, tinware and crockery at Mandel's.

Schlenther & Bowley have sold to Dr. R. I. Matthee of Omaha, a fine Hambletonian single driver.

Genuine Turtle Soup, new ass and liver dumplings to-day. All friends invited. St. Louis House, 709 Broadway.

It is said that John Jay Frayne is trying to get his bones fixed up so as to clinch the Indian agency, which now seems so near and then again so far.

Charles Fitch was yesterday found guilty of stealing a revolver from Mattie Klescher, and sentenced to ten days in jail, the case being heard by Justice Schurz.

John Maher was just full enough of anti-prohibition yesterday to think he could kick anybody living. He was led into the city cooler and given a chance to meditate over the matter.

The fire lads of No. 1 say that even if No. 4 got first water at the second fire on Sunday morning, it was No. 1 which got first water at the first fire, and that, too, right in No. 4's own district.

The infant son of Arthur and Carrie Clark died yesterday of cholera infantum. The funeral will be held at the residence, No. 416 avenue A, this morning at 11 o'clock. Mr. Clark is the veteran steward of the Pacific house, and many friends sympathize with him in his sorrow.

The funeral of Mrs. Hattie Wells, an account of whose death by laudanum has already been given, was held yesterday, Rev. J. Fink conducting the services. The brother of the young woman, who was telegraphed to come, did not arrive, and the condition of the body was such that further delay was almost impossible.

Three young fellows helped themselves to a bit of slumber in Bayless park yesterday afternoon, and when shaken up by the park policeman and told that it was no hotel, they shouted something sounding very much like hot-el, and grew so boisterous that the city marshal was called to guide them to the cells in the city tavern.

One of the city's pet society young men is said to have found some difficulty yesterday in getting off for a little recreation at the summer resorts. He is said to have secured enough for his expenses by leaving his watch to a friend, but to have been stopped at the depot by the sheriff who attached his baggage for a tailor's bill. It is hard flying high in Council Bluffs society, for the tailors here seem to have hard hearts.

Stephen A. Douglas, jr., is spending a day or two in looking over the city, and is greatly pleased with its appearance and location. He is making headquarters at the Ogden house, and to-morrow evening he will give his lecture at the opera house on "Puritan and Cavalier." He has inherited much of the eloquence of his father, and the people may be assured that they will have an oratorical treat in hearing him.

The entertainment of the Young Men's Christian Association that was postponed from last Tuesday evening on account of the storm will be given to-night at their hall, corner Main street and Broadway. The programme will consist of readings from "The Dying Alchemist," by Mr. Frank Chamberlain, and recitations by Miss Hatcher. The programme will be interspersed by orchestral music. General admission, 25 cents; children 10 cents.

Officer Smullen yesterday received more bad news, his brother, sister, and a niece having died, all within a few days, of the same disease which caused the death of his other brother, which occurred a week ago. These deaths occurred at Millville, Penn., the disease being a sort of typhoid malaria, which is raging as an epidemic there. In that little town there have been twenty-five persons taken down, and of those fifteen have died, and others, among whom are three others of the Smullen family, are lying very low.

## A Grand Excursion.

Arrangements have been made for a grand excursion to Colfax, on Thursday, July 30th, leaving Council Bluffs at 9:25, and arriving there in the afternoon, with leave for the excursionists to leave for home at any time they may choose. The fare for the round trip has been placed at \$1.50. This gives the people of this vicinity an excellent opportunity to visit this popular and pleasant resort, and to have a merry time with very little expense. Those desiring further particulars can obtain them by calling at the ticket office, No. 507 Broadway, or by addressing S. B. Schurz, the agent, Chicago, Rock Island & Pacific, Council Bluffs.

## Committee on Artillery.

The committee appointed to call on Gen. Howard, as to procuring artillery, are ordered to be at John Lind's office at 9 o'clock sharp, Tuesday, the 28th inst. W. F. Sapp and George Cate are added to this committee. By order of JOHN FOX, Chairman of Committee.

Dr. West, dentist, over Ben office.

Substantial abstract of title and real estate loans. J. W. and E. L. Squires, 102 Pearl street.

Read Judd & Smith's offer of \$1,000 reward in another column.

## DEAD TO RIGHT.

The Attack on the Cemetery Proves to be Unjustified.

Such is the Verdict of the Board of Health.

The Attorneys Charged with Insulting the Board.

Yesterday morning there were a goodly number of the citizens who went on a visit of inspection to the cemetery, to see what occasion there is for the howl raised by a few property owners, who feel that their property would be improved by having the cemetery abandoned. Among those who thus inspected the cemetery were: Horace Everett, J. P. Cassidy, John Hammer, J. M. Phillips, Samuel Jacobs, who have been the trustees of the cemetery for about a quarter of a century; Mayor Vaughan, City Auditor Burke, Alderman Strang, Gels, Shugart, Bennett, and Sledentopf; Dr. Seybert, the city physician; Dr. Deetkin, Dr. Gordon, Dr. Barstow, Dr. Rice, Dr. Allison, Dr. Judd; Attorney Haldene, Henry DeLong, Leonard Everett, Dr. N. D. Lawrence, Ex-corporator Paul Tilton, of the Bee, Hunter, of the Nonpareil, Whitley, of the Globe, and others.

The supporters of the move to do away with the city of the dead did not put in any appearance. The visitors waited for a time hoping that Col. Scott would put in an appearance, and show them some of the graves which he says are so shallow that by digging down a foot or so the coffin can be struck. He did not materialize, and so a hunt for such graves was made without him, but none could be found. In the potter's field, where, if anywhere, there would be apt to be carelessness, sticks several feet in length were pushed down into graves, without reaching the coffin, and the city physician declared that it was evident they were buried deep enough. In the lowest part of the grounds, and in a particular sort of pocket, where water would naturally settle if anywhere, a grave was being dug for the young woman who committed suicide the other day. This gave an excellent chance to see how the ground was. Although there have been such heavy rainfalls for a week past, the ground, even in this low spot, was as dry as powder, after leaving the surface. The water works company was also digging a shallow trench for their pipes, and at the depth of a foot below the surface the soil was dry, despite the rains. There was not a smell to be smelled, which gave any hint of offensiveness, and the hunt for the terrible gases, and awful carion, and deadly waters, was all in vain. These present seemed unanimous in the feeling that the howl about the cemetery was a farce, and that a more suitable place for a cemetery could not be selected.

There was shown to be plenty of unoccupied ground to be used in the future, and there was no such showing of crowding as has been talked of. The potter's field comprises an acre and a half, not one-half of which has been used. This part of the cemetery was needed to the city for this purpose over twenty years ago, and has been owned by the city ever since. The cemetery agitators should therefore commence against the city instead of the cemetery association if they want to stop the use of this land. He said that the most objectionable part of the cemetery to those who have such aristocratic notions as to believe that even after death a poor man has no right to be placed in the vicinity of a rich corpse.

Dr. Lawrence freely gave his opinion as to the character of the soil. He said that it was the greatest disinfectant to be had. He had used this soil in earth closets, and preferred it to anything else. After such a closet had been used the smell was all gone in fifteen minutes, and in all the tests which had been applied this soil had shown itself to be unequalled as a natural disinfectant.

Henry DeLong, who has had a great deal of experience in well digging in this soil, said that there were number of holes of a hundred feet deep the walls of which stood for years without any giving away, showing that it was all nonsense to talk about there being any seepage. He refers to one well 117 feet deep which has been used for twenty-five years and which is not bricked up. In this well the old spade marks still are to be seen, and the walls of the well have not changed a bit. He also says that in the cemetery one would have to dig 225 feet to strike water, and that it is foolish to talk about the graves poisoning the water.

The section of the cemetery, Allen, has been in that position for twenty-one years, and he denies emphatically that any persons have been buried less than the regular depth under the ground. He also bears testimony to the character of the soil.

Yesterday afternoon a full board of health met, and the lobby contained a number of prominent citizens interested in the cemetery matter.

Col. Scott, as attorney for the objectors to the cemetery, filed a protest against the council taking any action, it being in the hands of the court. The protest accuses the board with having confederated with the officers of the Fairview cemetery to manufacture testimony to prejudice the matter in the court, and unduly influence the judge.

Col. Scott said that if it was a fact that the potter's field belonged to the city, that part of the cases would be dropped at once.

The protest was put on file. After some discussion and sparring, the board held a secret consultation and prepared the following report: Whereas, Complaint has been made to the city council, as a board of health, that Fairview cemetery is a nuisance, and dangerous to the health of the people of said city, and an examination of the same has been personally made by said board of health as a committee of the whole, and an investigation has been made by said board, and arguments have been heard concerning and relating to the same question, and being satisfied that we have authority to act in the matter, under the statutes, we find from personal examination, after the arguments made for and against the question, by persons concerned, that Fairview cemetery has not control of what is called the potter's field, wherein the bodies of poor and indigent dead persons are buried; and that said Fairview cemetery is in good condition, therefore be it

Resolved, By the city council of the city of Council Bluffs as a board of health, that in our opinion the said cemetery is

in good condition and well managed and cared for, and is in no manner unhealthy, and that no gases issue therefrom dangerous to the lives and health of the people of said city.

On the call of the eyes and nays the resolution was adopted by a vote of 5 to 1, Ald. Mynter being excused from voting, he being one of the attorneys seeking to get an injunction.

The following resolution was then offered and adopted:

Resolved, That the protest filed this day by C. R. and E. H. Scott and others, be expunged from the files of the board of health proceedings on the ground of being impertinent, offensive and unjustifiable.

Col. Scott stated hotly and forcibly, that he was not alone responsible for the offensive document, but that all the attorneys in the case must divide it.

Dr. Wilcox, Eye, Ear and Throat specialist, 5 Everett block.

## PAVING THE WAY

For Paving a Number of the Streets.

Other Doings of the Council.

The city council met yesterday afternoon.

A petition of property owners on Benton street, was presented asking the council not to establish any grade. Filed.

The petition of property owners on Sixth street, between Ninth and Tenth avenues, asking for permission to put in concrete curbing. Referred.

A petition was presented asking for crossings on north Seventh street, at avenues E and H. Laid over.

The following was presented and adopted:

Resolved, That Willow avenue, from Third street, East side, to its intersection on the east side of Main street, and Bryant street, from north side of Broadway to the south side of the bridge across Indian creek, and Second street, from its intersection with Fletcher avenue on the south side to its intersection with Broadway on the north side, and Park avenue, from its intersection with Broadway on the south side to its intersection with Graham avenue, be paved with cedar block pavement, and in such manner as the city council may direct and provide by specifications for the construction of said pavement, and that the city engineer prepare specifications for the same without delay and in connection with the the city clerk proceed at once to advertise for bids for the building of said pavement, to be advertised for cedar block pavement of the kind and quality laid in Oakland avenue, the bids for said work to be made upon the following modes:

1-Payable in cash for all or any part on or before three months after the work has been accepted by the council.

2-Payable in intersection paving bonds, issued in accordance with the acts of the twentieth general assembly for the special chargeable to the city, and in special assessments paving bonds, issued in accordance with the said act, for that part chargeable to the abutting property.

3-Payable in intersection paving warrants drawn upon the intersection paving fund credited by the levy to be made for that purpose, in accordance with law, for that part chargeable to the city, payable in the order of their issue.

4-Payable in special assessment paving warrants drawn upon the special assessment paving fund credited by the levy to the cost against the abutting property and the collection of the same for that part chargeable to the abutting property; these warrants to be special warrants against each and every piece or parcel of property.

All bids must be made upon all four modes of payment or they will be rejected. This is required to enable the council to avail itself in whole or in part of either mode of payment, and giving the benefit of the cost proposed to those property owners who prefer to make payments in cash, and also to the city in case the council succeeds in negotiating the bonds.

An ordinance was passed establishing a grade on Second street from Grant street to Fletcher avenue.

The city engineer was instructed to prepare an ordinance establishing a grade on North Second street from Fletcher avenue to avenue G.

An ordinance was also passed establishing a grade on Benton street.

Five new selections of 50 cent music books, choice selections of 5 and 10 cent music at Mueller's, 103 Main street.

## DR. CROSS' FATE.

He is at Last Taken to the Penitentiary.

Another chapter has been added in the case of Dr. Cross, found guilty of the murder of Dr. McConne. As most know, Dr. Cross has been kept in the jail at Glenwood, and the sheriff has been enjoined from removing him to the penitentiary, and a motion has been pending to have the injunction removed. This motion has been granted, and the injunction dissolved, and Sheriff Farrell on Sunday night started with Dr. Cross for Fort Madison. He will there remain until the date fixed for his hanging, next June, unless the appeal now pending makes some change in the arrangement. His attorneys have made every possible effort to keep him out of the penitentiary, but at last he has gone over the road.

## PERSONAL.

C. J. Heuser, of Atlantic, was among those at Bechtle's yesterday.

Misses Katie and Nettie Gerner left yesterday for a month's visit to friends in Missouri.

Capt. R. B. Frayne now goes to Louisiana on a business trip, and from there to Washington to visit the president.

Royal Amy smiles as he tells his friends he is the grand father of two twins just born to Mr. and Mrs. Henry Holts, in Sioux Falls, D. T.

Mrs. J. J. Clark, who has been visiting her brother, Recorder Chambers, in this city, left yesterday for her home in Mason City, where her husband is engaged in the practice of law.

Mrs. E. Fitch, who has been with her daughter, Mrs. Chambers, wife of the county recorder, and who has been quite ill here, has so far recovered as to be able to start yesterday for her home in Avoca.

## 'POP MUST PAY.

The Saloons and Sporting Houses Must Contribute to the City's Revenue.

At a meeting of the city council last night, the celebrated pop ordinance was amended and passed again. The license for saloons being reduced from \$400 to \$300, a year, payable \$20 per month in advance. The bonds are also cut down from \$500 to \$300. The aldermen are unanimous in declaring that the saloons who don't pay their license must close. Sporting houses and gambling houses must also pay monthly fines. For three months the saloons have been running without paying any license. In view of the state prohibitory law, the pop ordinance only licenses saloons to sell drinks not prohibited by the state law; but it is understood that saloons paying the city license may sell all kinds of drinks and the city authorities will close only those saloons which refuse to pay.

Romantic Cupid.

Quite a romantic marriage is on the tap, the happy man being John H. Collins, a telegraph operator in Denver, who has been in the west for some time in search of health, having left his eastern home on that account. He has gained by the change, and yesterday arrived in this city, looking quite well and hearty, and was feeling especially well, on account of expecting to meet here the fair lady who is to become Mrs. Collins. Her name is Miss Hattie I. Pease, and her home is in Greenville, N. J., from which place she started to come to reach the city last evening, the plan being to have the wedding performed here to-day, and then to proceed together to their new home in Denver.

Real Estate Transfers.

The following are the transfers of real estate as recorded in the office of the registrar, and reported to the Bee by A. J. Stephenson, for Monday, July 27, 1885:

Alexander Watson to Hans Peters, lot 1 and 2, block 6, Farley's addition, \$250.

Thomas J. Clark to Martha Clark, n. w. of n. e. 1/4, 75, 41, \$1,000.

A. J. Field to J. M. Estes, part of 71 of a c. 12, 73, 40, \$75.

Sheriff to B. S. Walker, n. e. 1/4 of n. e. 1/4 of n. w. 1/4, 13, 75, 44, \$470.50.

John Hanthorn to E. W. Raymond et al, lot 20, block 17 of Williams first addition, \$375.

Total sales, \$2176.50.
